

Dear Pastor,

The Church must rise up. This is a request for your help to GET OUT THE VOTE (GOTV) in record numbers in the November 5, 2024, President Election. This election is described by many as “the most important election in the history of America.”

According to Barna Research, it is estimated that 40-50 million of the 82 million Evangelicals in America DO NOT VOTE and as many as 25 million are NOT REGISTERED. This is a formula for the advancement of evil and tyranny that must be fixed.

Though we live in this dark season, God is still at work and His Ekklesia must rise up in the November 5th President Election to restore our Constitutional Republic and win the war between good versus evil raging in America. Scripture is clear that our war is not against flesh and blood, nor is it a political war, but a spiritual war.

Attached is a fast-track process to launch a voter registration drive at your church if you do not already have one. Just imagine the positive impact Christians can have on the upcoming election and our nation’s future if more were encouraged to register to vote by their pastor and then voted Christian values in every race on the November 5, 2024 ballot.

If you or the individuals you select to launch a voter registration drive at your church have any questions, they can contact Joe or Cathie Locetta (Grace International specialized ministry leaders and co-leaders of the Grace Woodlands-We the People/Faith Votes Community Impact Team).

For the Kingdom,

Jason J. Nelson

Associate Pastor Grace Woodlands / We The People Ministries

The 2024 President Election may be our last chance to restore our Constitutional Republic and stop the advancement of tyranny and evil. This election is an opportunity to elect leaders at all levels, from the President to local School Board Trustees, who will influence whether our nation follows the biblical principles and values that are the foundation of the U.S. Constitution.

LET US RISE UP.
